16 DEEP BREATHS

This collection captures some of the most extraordinary experiences that we offer, and among our most cherished.

For 25 years I have welcomed travelers to the great cities and remote territories of Canada and Alaska and I know how much more we have to explore, develop and offer to our guests. That's one of the reasons why we love what we do - our lust and passion for travel is insatiable.

I cannot wait to welcome you to Canada and Alaska, both vast and magical places full of transformative adventures, awe-inspiring landscapes, rich culture and magical memories to be made.

Please allow my trusted group of experienced professionals to collaborate with you in the planning of an unforgettable trip. We believe in creating a meaningful connection between our guests, our partners, the local people and the land; it would be our privilege to connect you.

You will find us meticulous, fun, and passionate about delivering you a flawlessly executed trip.

Enjoy the read, and fasten your seat belt.
